Today: August 24, 2009

Due date: August 26, 2009

Points: 10 points

Individual homework – one per student

Submission:
  • Via web submission.
  • Submit by 8:30am on the due date.

1 In his blog IndianGeek, Mr. Sijin Joseph posted a Programmer Competency Matrix which has been positively accepted by the computing community. Mr. Joseph has kindly allowed us to use this instrument for our ICOM 5047 students. Go to the link provided in the capstone web page and rate yourself and your programming skills. When you press the submission button, we will receive the responses to your homework.
